Application Process

Part 1: Personal Details

First Name and Surname

Your first name and surname must exactly match the photographic ID (See List 1 on page 4) provided.

If your surname has changed since your last learner permit or driving licence was issued you must indicate the reason why and provide supporting documentation (e.g. marriage certificate, divorce/separation confirmation, deed poll enrolled in the High Court). Original documents are required.

Address/Normal Residence

Address should be the place where you normally reside; for a student this generally means the family home. The name and address on the application form must exactly match the evidence of address provided which must be dated within last six months (See List 2 on page 4). Student accommodation, business addresses or care of addresses are not acceptable. For Dublin postal district code please include these in the "County/City" field.

To make an application for a driving licence or learner permit, you must be entitled to live here and be normally resident in Ireland. This generally means that you live here at least 185 days each calendar year because of work or personal ties. If you are studying or working abroad, you may still be considered normally resident in Ireland provided you return here regularly.

See List 4 on page 4 for the full list of documents which can be accepted as evidence of normal residence.

PPS Number

Personal Public Service Number must be given, and evidence provided (See List 3 on page 4). If you do not have a PPS number please contact the Department of Employment Affairs and Social Protection on 1890 927 999 or visit www.mywelfare.ie

Where a customer has applied to the National Driver Licence Service (NDLS) and has been issued with a learner permit since 29 October 2013, there is no requirement to present evidence of PPS number again unless it has changed, then evidence must be provided.

Place of Birth

Please state the country in which you were born.

Part 2: Organ Donation

If you wish to become an organ donor, Code 115 will be printed on your permit. This Code will make medical professionals aware of your intention. However, in keeping with the current legal position, your next of kin will be consulted in the event of any decision arising.

Part 3: Learner Permit Details

A learner permit is issued for the purposes of learning to drive. If you are applying for a first time learner permit in a new licence category you must pass a driver theory test in the relevant category before taking out a learner permit. If your existing learner permit has expired by five years or more you are considered to be a first time learner permit applicant and must resit the theory test. For more details please refer to www.theorytest.ie

Application Type

Select application type as appropriate. Refer to learner permit Checklist on page 4 of the application form for documentation required to accompany each application.

Licence Categories

Visit www.ndls.ie for a list of categories and descriptions.

Lost/Stolen/Damaged Permit

If your current or most recently issued learner permit has been lost/stolen or damaged, you must complete the garda declaration and have it stamped at your local garda station.

Permit Count	Period of Permit	Evidence of Driving Test Required
First or Second Learner Permit	2 years	No
Third or subsequent Learner Permit	2 years	Show evidence of having taken and failed a driving test in the previous 2 years
Third or subsequent Learner Permit	1 year	Show evidence of having applied for or having a forthcoming test date

You must wait until your learner permit is within three months of the expiry date before you can apply for a renewal.

Part 4: Driver Fitness

An Eyesight Report Form is required:

- For all first time applications for a learner permit
- If you previously wore glasses/lenses for driving and are no longer required to do so.

An Eyesight Report Form is not required where:

- A medical report is provided unless otherwise indicated by your GP.

Medical report and eyesight report forms can be downloaded from www.ndls.ie

Part 4: Driver Fitness continued

Drivers must meet a certain standard of medical fitness in order to drive safely. If your GP advises you to stop driving it is then an offence to continue driving and it also affects your insurance cover.

A Medical Report Form must be submitted if:

- You answer yes to any of the health and fitness questions 17 to 37 or 38(c)
- If you are applying for any of the Group 2 categories (bus and truck) unless one has been already submitted that covers the full period of the permit or licence and covers the Group 2 categories
- If you are over the age of 70 (or your existing permit expires the day before your 70th birthday)

The medical and eyesight report forms must be dated within one month of application date and can be downloaded from www.ndls.ie. If you are required to submit a medical report form it must be completed by a GP whose name is on the General Register of Medical Practitioners in Ireland. For more information on medical standards see 'Sláinte agus Tiomáint' medical fitness to drive guidelines on www.ndls.ie

Part 5: Declaration by Applicant

By signing this declaration, you are confirming that all the information given is true and accurate. Giving false information is an offence under the Road Traffic Act and penalties apply.

Certificate of Professional Competency (CPC) – trucks and buses

The minimum age for taking out a learner permit in categories, C, CE, D and DE depends on whether you take the CPC test for that licence category.
